SUMMARY:

Frontend Web Developer: Experience in making Responsive and Interactive User Interfaces.

TECHNICAL SKILLS:

- JavaScript
- Tailwind
- ReactJs
- Gsap
- Git

Projects:

- **To do app with ExpressJs**
  A simple note-taking app built with Express.js, featuring CRUD operations for efficient management of text entries. Ideal for organizing and maintaining personal or professional notes. Incorporated interactive features using HTML5, CSS3, and JavaScript.

- **Duo Studio Website Replication**
  Replicated a frontend of a dynamic scrolling animation awarded Webpage from [Awwwards.com](#). Used Scroll Trigger and GSAP libraries for smooth transitions and interactive effects. This project highlights my expertise in web design and development.

Education:
HSC - Science   **2020-21**
Bhavan's College, Andheri

Bachelor in Information Technology   **2022-25**
Mumbai University
Sem 5 - 8.6 cgpa

Hobbies:

- Development
- Football
